MOTIF

A typical House boat; Vembanad Lake; Kumarakom

Kumarakam is an international tourist spot located, 10 kms. away from Kottayam district head quarter on the beaches of the Vembanad Lake. With full of sunrays, this place is very beautiful with abundant lush green trees and silky paddy fields.

Due to its awesome lakes and ponds, this place has become prominent in the tourist map of Kerala. The stunning silence of the water surface, the presence of lotus and other water plants, a journey in the house boats, etc., give the tourists a hair raising experience.

Kumarakam is also known for its Bird Sanctuary. Rare species of birds arrive from Siberia in the winter season. The Boat Race at Kumarakam in August – September is a special tourist attraction. The different types of snake boats participate in the race. Many Ayurvedic resorts are also springing up recently at Kumarakam to meet the increasing demands of foreigners for massage, yoga and other Ayurvedic treatments.

FOREWORD

The District Census Handbook (DCHB) is an important publication of the Census Organization since 1951. It contains both Census and non Census data of urban and rural areas for each District. The Census data provide information on demographic and socio-economic characteristics of population at the lowest administrative unit i.e. of each Village, Town and Ward of the District. The Primary Census Abstract (PCA) part of this publication contains Census data including data on household amenities collected during 1st phase of the Census i.e. House Listing and Housing Census. The non Census data presented in the DCHB is in the form of Village Directory and Town Directory contain information on various infrastructure facilities available in the village and town viz; education, medical, drinking water, communication and transport, post and telegraph, electricity, banking, and other miscellaneous facilities. Later on, the Telegraph Services were closed by the Government of India on 15th July, 2013. The data of DCHB are of considerable importance in the context of planning and development at the grass-root level.

2. In the 1961 Census, DCHB provided a descriptive account of the District, administrative statistics, Census tables and Village and Town Directory including Primary Census Abstract. This pattern was changed in 1971 Census and the DCHB was published in three parts: Part-A related to Village and Town Directory, Part-B to Village and Town PCA and Part-C comprised analytical report, administrative statistics, District Census tables and certain analytical tables based on PCA and amenity data in respect of Villages. The 1981 Census DCHB was published in two parts: Part-A contained Village and Town Directory and Part-B the PCA of Village and Town including the SCs and STs PCA up to Tahsil/Town levels. New features along with restructuring of the formats of Village and Town Directory were added. In Village Directory, all amenities except electricity were brought together and if any amenity was not available in the referent Village, the distance in broad ranges from the nearest place having such an amenity, was given.

3. The pattern of 1981 Census was followed by and large for the DCHB of 1991 Census except the format of PCA. It was restructured. Nine-fold industrial classification of main workers was given against the four-fold industrial classification presented in the 1981 Census. In addition, sex wise population in 0-6 age group was included in the PCA for the first time with a view to enable the data users to compile more realistic literacy rate as all children below 7 years of age had been treated as illiterate at the time of 1991 Census. One of the important innovations in the 1991 Census was the Community Development Block (CD Block) level presentation of PCA data instead of the traditional Tahsil/Taluk/PS level Presentation.

4. As regards DCHB of 2001 Census, the scope of Village Directory was improved by including some other amenities like banking, recreational and cultural facilities, newspapers & magazines and 'most important commodities' manufactured in a Village in addition to prescribed facilities of earlier Censuses. In Town Directory, the statement on Slums was modified and its coverage was enlarged by including details on all slums instead of 'notified slums'.

5. The scope and coverage of Village Directory of 2011 DCHB has been widened by including a number of new amenities in addition to those of 2001. These newly added amenities are: Pre-Primary School, Engineering College, Medical College, Management Institute, Polytechnic, Non-formal Training Centre, Special School for Disabled, Community Health Centre, Veterinary Hospital, Mobile Health Clinic, Medical Practitioner with MBBS Degree, Medical Practitioner with no degree, Traditional Practitioner and faith Healer, Medicine Shop, Community Toilet, Rural Sanitary Mart or Sanitary Hardware Outlet in the Village, Community Bio- gas, Sub Post Office, Village Pin Code, Public Call Office, Mobile Phone Coverage, Internet Cafes/ Common Service Centre, Private Courier Facility, Auto/Modified Autos, Taxis and Vans, Tractors, Cycle-pulled Rickshaws, Carts driven by Animals, Village connected to National Highway, State Highway, Major District Road, and Other District Road, Availability of Water Bounded Macadam Roads in Village, ATM, Self-Help Group, Public Distribution System(PDS) Shop, Mandis/Regular Market, Weekly Haat, Agricultural Marketing Society, Nutritional Centers (ICDS), Anganwadi Centre, ASHA (Accredited Social Health Activist), Sports Field, Public Library, Public Reading Room, Assembly Polling station, Birth & Death Registration Office. In the Town Directory, seven Statements containing the details and the data of each Town have been presented viz.; (i) Status and Growth History of Towns, (ii) Physical Aspects and Location of Towns, (iii) Civic and other Amenities (iv) Medical Facilities, (v) Educational, Recreational & Cultural Facilities, (vi) Industry & Banking, and (vii) Civic & other amenities in Slums respectively. Taluk wise data of Village Directory and Village PCA have been presented in DCHB of 2011 Census as presented in earlier Censuses.

6. The data of DCHB 2011 Census have been presented in two parts, Part-A contains Village and Town Directory and Part-B contains Village and Town wise Primary Census Abstract. Both the Parts have been published in separate volumes in 2011 Census.

7. The Village and Town level amenities data have been collected, compiled and computerized under the supervision of **DR.V.M. GOPALA MENON**, Director of Census Operation, Kerala. The task of Planning, Designing and Co-ordination of this publication was carried out by Dr. Pratibha Kumari, Assistant Registrar General (SS) under the guidance & supervision of Dr. R.C.Sethi, Ex-Addl. RGI and Shri Deepak Rastogi present Addl.RGI. Shri A.P. Singh, Deputy Registrar General, (Map) provided the technical guidance in the preparation of maps. Shri A.K. Arora, Joint Director of Data Processing Division under the overall supervision of Shri M.S.Thapa, Addl. Director (EDP) provided full cooperation in preparation of record structure for digitization and validity checking of Village and Town Directory data and the programme for the generation of Village Directory and Town Directory including various analytical inset tables as well as Primary Census Abstract (PCA). The work of preparation of DCHB, 2011 Census has been monitored in the Social Studies Division. I am thankful to all of them and others who have contributed to bring out this publication in time.

New Delhi.

Registrar General &
Census Commissioner, India

PREFACE

District Census Handbook is a unique publication brought out uninterruptedly by the Census Organization since 1951 Census. The publication is widely used by Administrators, Planners, Demographers, Research Scholars and other data users. It contains village-wise and town-wise demographic and socio-economic characteristics of the district along with the status of availability of civic amenities, infrastructural facilities etc.

In earlier censuses, District Census Handbooks were published in single volume with two parts. Part-A of DCHB contained Village and Town Directory and Part -B contained Village and Town Primary Census Abstract data for each district. But this time, it is published in two volumes separately for Part-A and Part-B of each district without changing the nomenclature of DCHB of 2001. This volume contains the Village and Town wise Primary Census Abstract(PCA) along with Housing Amenities data.

From 2001 Census onwards, the software designed/created by the Data Processing Division of the Office of the Registrar General, India has been used for generation of tables. It reduced considerably the time taken for preparation of the District Census Handbooks. District Census Handbooks are published in Electronic form (pdf files) for the first time during the current Census.

I express my deep gratitude to Dr. C. Chandramouli, Registrar General and Census Commissioner, India, for his encouragement and valuable guidance for completion of this volume within a timeframe. I thank Shri Deepak Rastogi, Additional Registrar General (C&T), Shri A.P.Singh, Deputy Registrar General (Map), Dr. Pratibha Kumari, Assistant Registrar General (SS) of Office of the Registrar General, India for their guidance at each step in the preparation of DCHB. Special thanks are due to Shri. M.S. Thapa, Additional Director (EDP), Shri Anil Kumar Arora, Joint Director (EDP) and Shri Anurag Gupta, DPA (EDP) without their untiring efforts and support, we could not have completed the District Census Handbooks within this time. They were always willing to listen to our requests and find solution for the problems we faced.

All Departments of the State Government co-operated in giving data for inclusion in the publication. I thank the District Collectors, Tahsildars of every Taluk and Secretaries of Municipal Corporations and Municipalities in the State who painstakingly collected and furnished all the information needed by us. I also thank all the Departments of the State Government who co-operated with us in giving the data, especially, Directorate of Public Instruction, Forest Department, Rural Development Commissionerate, Industries Department, Economics & Statistics Department, Tourism Department and State Planning Board.

My sincere thanks are due to Shri N. Ravichandran, Joint Director of Census Operations for his valuable supervision and guidance for drafting this volume. In the beginning, non census data for District Census

Handbook were collected under the guidance of Smt. P. Girija, then Joint Director of Census Operations. Information for preparation of analytical notes and all data other than Census data were prepared and scrutinized under the guidance of Shri Francis. K. Manuel, Deputy Director, Shri P.P. Joy, Deputy Director and Smt. L. Ajitha, Asst. Director, Shri. A.K. Raman, Statistical Investigator-Gr.I (Retd.) and Smt. Biji.C.R, Statistical Investigator-Gr.II, did a great job of putting all the details together and checking them. My sincere thanks are due to them also. The Statistical Investigators-Gr.II and Compilers who assisted in the work also did a tremendous job. Digitized maps were used in the District Census Handbooks. This has improved the quality of the maps. I thank Shri K. Selvam, Senior Geographer and Shri K. Shasikanth, Senior draughtsman, helped in expediting the work. I am thankful to Shri A.N. Rajeev, Deputy Director, Shri A. Sri Raghu, Asst. Director and Smt. P. Lakshmikutty, Asst. Director and the staff in Census Section for the efforts taken for finalization of the Primary Census Abstract (PCA). My thanks are due to Smt. L. Ajitha, Shri K.Gireesh Kumar, Smt. P. Lakshmikutty, Shri Aswani kumar P.M., Shri Shailendra A. and Shri K. Gnanaprakasam, Assistant Directors for preparation of DCHB Volumes. My sincere thanks are also to Shri Francis K. Manuel, Deputy Director who was in charge of Data Centre and under his guidance and supervision, the data entry of Village Directory and Town Directory could be completed timely. Also he has shaped this particular volume in this way. The effort of many persons have gone into the preparation and publishing of this volume. I take this opportunity to record my gratitude to all of them.

HISTORY AND SCOPE OF THE DISTRICT CENSUS HANDBOOK

The need of data at the grass root level for the administrative and planning purposes at sub micro level as well as academic studies prompted the innovation of District Census Handbook. District Census Handbook is a unique publication from the Census organization which provides most authentic details of census and non-census information from village and town level to district level. The District Census Handbook was firstly introduced during the 1951 Census. It contains both census and non census data of urban as well as rural areas for each district. The census data contain several demographic and socio-economic characteristics of the lowest administrative unit i.e. of each village and town and ward of the district. The non census data comprise of data on availability of various civic amenities and infrastructural facilities etc. at the town and village level which constitute Village Directory and Town Directory part of the DCHB. The data of DCHB are of considerable importance in the context of planning and development at grass-root level.

In 1961 census DCHB provided a descriptive account of the district, administrative statistics, census tables and village and town directory including Primary Census Abstract. This pattern was changed in 1971 Census and the DCHB was published in three parts: Part-A related to village and town directory, Part-B to village and town PCA and Part-C comprised analytical report, administrative statistics, district census tables and certain analytical tables based on PCA and amenity data in respect of villages. The 1981 census DCHB was published in two parts: Part-A contained village and town directory and Part-B the PCA of village and town including the SCs and STs PCA up to tahsil/town levels. New features along with restructuring of the formats of village and town directory were added into it. In Village Directory, all amenities except electricity were brought together and if any amenity was not available in the referent village, the distance in broad ranges from the nearest place having such an amenity, was given.

The pattern of 1981 census was followed by and large for the DCHB of 1991 Census except the format of PCA. It was restructured. Nine-fold industrial classification of main workers was given against the four-fold industrial classification presented in the 1981 census. In addition, sex wise population in 0-6 age group was included in the PCA for the first time with a view to enable the data users to compile more realistic literacy rate as all children below 7 years of age had been treated as illiterate at the time of 1991 census. One of the important innovations in the 1991 Census was the Community Development Block (CD Block) level presentation of PCA data instead of the traditional Tahsil/Taluk/PS level presentation.

As regards DCHB of 2001 Census, the scope of Village Directory was improved by including some other amenities like banking, recreational and cultural facilities, newspapers & magazines and 'most important commodities'

manufactured in a village in addition to prescribed facilities of earlier censuses. In Town Directory, the statement on Slums was modified and its coverage was enlarged by including details on all slums instead of 'notified slums'.

The scope and coverage of Village Directory of 2011 DCHB has been widened by including a number of new amenities in addition to those of 2001. In the Town Directory, seven Statements containing the details and the data of each town have been presented viz.; (i) Status and Growth History of towns, (ii) Physical Aspects and Location of Towns, (iii) Civic and other Amenities, (iv) Medical Facilities, (v) Educational, Recreational & Cultural Facilities, (vi) Industry & Banking, and (vii) Civic & other amenities in Slums respectively. Taluk wise data of Village Directory and Village PCA have been presented in DCHB of 2011 Census as presented in earlier Censuses. The data of DCHB 2011 Census have been presented in two parts, Part-A contains Village and Town Directory and Part-B contains Village and Town wise Primary Census Abstract. Both the Parts have been published in separate volumes in 2011 Census.

BRIEF HISTORY OF THE DISTRICT

Kottayam is a corrupt form of the compound word KOTTAYAKAM (Kotta + Akam) which means the interior of a fort. The rulers of Munjanad and Thekkumkur had their Headquarters at Thazhathangadi in the present Kottayam Town. Marthanda Varma of Travancore attacked Thekkumkur and destroyed the palace and the fort. The remnants of the palace and the fort are still seen here which proves the fact that the place was the abode of some dynasties. Later, the name 'Kottayam' was assigned to the District.

In the Sangam age, Kottayam was a part of the Kuttanad Geographical Division of the land. Nammalvar, who lived in the 9th Century AD, had sung hymns in praise of the Vishnu Temple of Thrikkodithanam in Changanassery Taluk. By this time, the Aryan immigrants had come from the North and set up their gramams in the selected areas of the District. Ettumanoor, Nattasseri, Kumaranalloor, Kattamuri, Kidangoor, etc., were among such Brahmin Villages set up by these immigrants. Christianity also had a firm foothold in the District by that time. There are several Churches in the District which trace their origin to the early Centuries of Christian era.

The beginning of the 9th Century AD is the age of the Kulasekharas. At that time, Kottayam was a part of Vempolinad which belonged to Kulasekhara Empire. The Vembanad Kayal (lake) itself derives its name from Vempolinad. The Kingdom of Vempolinad split itself into Kingdoms of Thekkumkur and Vadakkumkur by about 1100 AD and later these two Kingdoms were annexed by Marthanda Varma of Travancore.

Indications are there that the areas coming under Kottayam District had played an important role in the international trade of ancient Kerala. The Portuguese and the Dutch had their business relations with both Thekkumkur and Vadakkumkur Kingdoms for pepper and other spices. The main items of export were ivory, teak wood, sandalwood, apes and peacocks.

The Kulasekhara Empire had several subordinate divisions called 'Nadus' which were ruled by feudatory chiefs appointed by the Emperor at Mahodayapuram. The present Kottayam District was included in those days in three such Administrative Divisions called Nantuzhainad, Manjunad and Vempolinad. Changanassery and Kanjirappally Taluks were formerly parts of Nantuzhainad, Meenachil Taluk under Nantuzhainad and Vempolinad, Vaikom Taluk under Vempolinad and Kottayam-Ettumanoor area under Manjunad. Vempolinad was referred to as 'Bimbalidesa' in Sanskrit literature.

As already stated, the Kingdom of Vempolinad split up into Kingdoms of Thekkumkur and Vadakkumkur. The Northern portion of Vempolinad became Vadakkumkur while its Southern portion together with Manjunad and portions of Nantuzhainad constituted into the Kingdom of Thekkumkur. The boundaries of Thekkumkur were Illikkal Kodumudi on the East, the Vembanad Kayal on the West, Kanakkari Kunnu near Ettumanoor on the North and Kaippattur Kadavu on the South. Once, Thekkumkur Kingdom included Changanassery and Kanjirappally Taluks, portion of Meenachil Taluk, high ranges and also Thiruvalla - Chengannur area of then Alappuzha District. The Eastern and the Western boundaries of Vadakkumkur also were Illikkal Kodumudi and the Vembanad Kayal respectively. It was bounded by Thekkumkur on the South and Alangad on the North. At one time, the Vadakkumkur Kingdom included the Vaikom-Ettumanoor area and a part of Meenachil Taluk and also portions of Muvattupuzha, Thodupuzha and Shertallai Taluks. Thekkumkur and

Vadakkumkur were formerly the allies of Cochin. But later became subordinate to Cochin, first time under the Portuguese and later under the Dutch influence.

For their help to the Kings of Elayadathu Swaroopam, Designanad and Kayamkulam, Thekkumkur incurred the displeasure of the King Marthanda Varma of Travancore and this resulted in the annexure of Thekkumkur to Travancore. After the conquest of Thekkumkur, before long, Vadakkumkur, which was riven by internal dissensions, was also annexed by Travancore through military operations led by Prince Karthika Thirunal Rama Varma. Though the Rulers of Thekkumkur and Vadakkumkur later tried to regain their territory with the help of Cochin, they were decisively defeated by the Travancore.

Besides Vadakkumkur and Thekkumkur, two other petty principalities, viz., Poonjar and Meenachil also had existed in the North-Eastern part of the District. It is believed that the ancestors of Poonjar Raja were Kings of Pandya migrated from Madurai some time before 1189 AD. They initially settled in Edappally and one of their descendants came to Vadakkumkur and bought the Country known as Poonjar lying to the West of the Western Ghats from the Thekkumkur Raja and became the King of this territory. When the original family line of Pandyan stock became extinct, the chief men of Poonjar chose the head of the Sarkara Kovilakam (a branch of the Cranganore Raja's family) as their Chief with the concurrence of the Thekkumkur Raja. Poonjar principality had a separate existence till it was annexed by the Travancore. It is believed that the family of the Rulers of Meenachil, known as Njavakkat Karthas, was descendent from two ladies, Sree Devi and Ambika Devi of Vengalur in Kumbhakonam who were married and brought to Kerala by the Chiefs of Elangallur and Elambrakkat Swaroopams. Meenachil was also annexed to Travancore by Marthanda Varma after his conquest of Thekkumkur principality. Thus, with the annexation of Poonjar and Meenachil in quick succession, all the areas of the present Kottayam District became part of the Travancore Kingdom.

During the reign of Dharma Raja (1758-1798), Kottayam District was a part of Vadakkemugham, the Northern division of Travancore. In view of the threat of invasion by Mysore forces, Dharma Raja had taken special measures to strengthen the defence of the Northern boundary of the Kingdom and Kottayam had a key place in the new defence system built by the then Chief Minister Raja Kesava Das and Captain D'Lannoy.

Kottayam District has played its role in the cultural life of the Travancore Princely State. The main reasons for this was the migration of Ramapurathu Warriar, the famous poet of Vadakkumkur, to Trivandrum following the annexation of the territory by Marthanda Varma.

The present Kottayam District was previously a part of the erstwhile Princely State of Travancore. Then the Travancore State consisted of two Revenue Divisions, viz., the Southern and Northern Divisions under the administrative control of 'Diwan Peshkar' for each Division. Thereafter in 1868, two more Divisions – Quilon and Kottayam were constituted. Though the fifth division – Devicolam came next, in course of time, it was added to Kottayam.

At the time of the integration of the State of Travancore and Cochin in 1949, these Revenue Divisions were renamed as Districts and Diwan Peshkars gave way to District Collectors and that marked the birth of the District of Kottayam.

Marine fossils found at Vazhappally is an indication to the belief that a large portion of places bordering the Vembanad Lake in the District was once submerged under water. The fertility of these lands might have attracted people to this land and to settle here cultivating paddy and other crops.

Kottayam District has played its role in all the political agitation of modern times. The 'Malayali Memorial' agitation may be said to have had its origin in Kottayam. The Malayali Memorial sought to secure better representation for educated Travancoreans in the Travancore Civil Service as against persons from outside. The Memorial which was presented to Maharaja Sree Mulam Thirunal (1891) was drafted at a public meeting held in the Kottayam Public Library. The event marked the beginning of the modern political movement in the State. The agitation against the reform of the Travancore State Legislature carried out in 1920 also had its leaders from this District.

The famous Vaikom Satyagraha (1924-25) was an epic struggle which took place in the District for eradication of untouchability. Scheduled Castes and other backward classes in Travancore were not only denied entry into Temples but even access to the approach road leading to Temples. Vaikom, the seat of the celebrated Siva Temple, was chosen as the place of the symbolic Satyagraha to get the approach road to Temples opened to the Scheduled Castes. National leaders like Mahatma Gandhi, C. Rajagopalachari, Acharya Vinoba Bhave and others were also associated with the Satyagraha. Vaikom Satyagraha was followed by Thiruvapur Satyagraha. Kottayam District was one of the strongholds of Nivarthana agitation carried on for responsible Government. The limited objective of the movement was to secure adequate representation for the non-caste Hindus, Christians and Muslims in the State Legislature.

Kottayam District was also one of the strongholds of the agitation carried on under the auspices of the State Congress for the achievement of responsible Government for Travancore. The agitation ended in triumph in August, 1947 with the exit of Sir C.P. Ramaswamy Iyer, the then Dewan of Travancore from the scene.

Kottayam has its place of honour in the cultural map of Kerala. *Unninnilandesam*, the exquisite Malayalam poem written by an anonymous poet was composed by Vadakkumkur Raja. Ramapurathu Warriar is one of the celebrated names in Malayalam literature. The Christian Missionaries working in the District in the 18th and 19th Centuries enriched Malayalam literature by their valuable contributions. Varthamana Pusthakam or Travel to Rome (1778) written by Paremakkil Thoma Kathanar (1740-99) is the first travelogue in Malayalam. The first autobiography in Malayalam was published from Kottayam in 1870 by Shri Vaikom Pachu Muthatu.

In the closing decades of the 19th Century and the beginning of the 20th Century, Kottayam shot into the lime – light as the nerve centre of all literary and cultural activities in the erstwhile Travancore State. Among the dignitaries, Kottarathil Sankunni, Kandathil Varghese Mappilai and Kerala Varma Valiakoil Thampuran are worth mentioning. K.C. Mammen Mappilai, Kattakayathil Cheriyan Mappilai, Vaikom Muhammed Basheer, Vadakkumkur Rajaraja Varma, Ponkunnam Varkey, Karur Neelakantapillai, K.P.S Menon and K.R. Narayanan, the former President of India are some among many notable personalities of the District in modern time.

Administrative Set up

There are two systems of administrative set up in the District – Revenue and Local Self Government. Under the Revenue System, the District is divided into two Revenue Divisions, five Taluks and 95 Villages. The two Revenue Divisions are Palai, comprising of Meenachil and Vaikom Taluks with 42 Villages and Kottayam, comprising of Kottayam, Kanjirappally and Changanassery Taluks with 53 Villages.

Under the Local Self Government System, the District is divided into four Statutory Towns and 14 Development Blocks, consisting of 75 Panchayats. It may be noted that the jurisdiction of Development Blocks includes the areas falling in Census Towns and Out-growths also. The Taluk-wise distribution of Villages, Towns, CD Blocks and Panchayats are given below.

Distribution of Villages, Towns, Development Blocks and Panchayats as on 31.12.2009.

Name of district/ taluks	Total no. of villages	No. of villages falling in				No. of towns		No. of CD blocks	No. of panch- ayats
		Rural area		Urban area		Statu- tory towns	Cens- us towns		
		Wholly	Partly	Wholly	Partly				
Kottayam district	95	70	10	15	10	4	13	14	75
Meenachil	26	22	3	1	3	1	1	4	24
Vaikom	16	13	3	-	3	1	-	2	13
Kottayam	26	14	2	10	2	1	9	4	20
Changanassery	15	9	2	4	2	1	3	3	12
Kanjirappally	12	12	-	-	-	-	-	3	9

In the district, there are panchayats and CD blocks, lying in more than one taluk. Such panchayats and CD blocks are counted under the taluks in which their portions lie. The following are the list of panchayats and CD blocks in the district lying in more than one taluk.

- 1) Veliyanad CD block falls in kottayam and changanassery taluks, A portion of Veliyanad CD Blocks lies in Alappuzha.
- 2) Neelamperoor Panchayat of Veliyanad CD block of Alappuzha district lies also in Kottayam taluk.
- 3) Muttar Panchayat of veliyanad cd block falls in three districts. Viz. Changanassery taluk of kottayam district, kuttanad taluk of alappuzha district and thiruvalla taluk of pathanamthitta district.
- 4) Pampady CD block lies in Kottayam and Kanjirappally taluks.
- 5) The minor portion of Veliyanad CD block of Alappuzha district lies in Kottayam taluk.
- 6) Vazhoor CD block lies in Changanassery and Kanjirappally taluks.
- 7) Ettumanoor CD block falls in Meenachil taluk and Kottayam taluks

Jurisdictional Changes during the decade (2001-2010)

In Census terminology, the jurisdictional changes mean more than the changes in the boundary of administrative units. It also means change in the status of administrative units, resulting from its declassification, de-notification and upgradation. It further means change in the name of administrative units, etc.

In Kottayam District, one new Grama Panchayat viz., Koruthode was formed after 2001 Census.

District Highlights -2011 Census

- Kottayam district was formed on the 1st July 1949 at the time of the integration of the States of Travancore and Cochin.
- Kumarakam is a beautiful tourist spot , 10 Kms away from Kottayam on the beaches of the Vembanad lake. Kumarakom Bird Sanctuary is noted for its rare species of birds arriving from Siberia in the winter season.
- The district with 2206 Sq.km of area ranks the 10th among the districts. Kottayam district is devoid of Coastal line.
- The district stands first in rubber production in the state.
- In Literacy rate, Kottayam district has the 1st position in 2011 Census also with the highest female literacy (96.48 per cent) among the districts.
- The important rivers of the district are the Meenachil River, the Muvattupuzha river, and the Manimala river. The Vembanad lake, the largest backwater in the state forms the Western boundary of Kottayam district.
- With 19,74,551 persons, Kottayam district ranks the 10th in population among the districts.
- The district ranks the 8th in total density (895) and 6th in Urban density (2066)
- In sex ratio, the district ranks the 11th with 1039 females per 1000 males
- The district has the 8th rank in Child Sex ratio with 964 female children per 1000 male children.
- In the percentage of Scheduled Caste population to total population, the district ranks the 9th with 7.8 per cent.
- It ranks the 6th in the percentage of Scheduled Tribes Population to total population (1.1 per cent)
- The total work participation rate of the district is 37.3 per cent and has the 6th position among the Districts
- In the District, 82.2 per cent of the workers are main workers and 17.8 per cent are marginal workers.
- Kottayam district ranks the 6th position in Female Work Participation rate with 20.4 per cent.

Section - I

Primary Census Abstract (PCA)

Brief Note on Primary Census Abstract

Introduction:

The Indian Census has the reputation of being one of the best in the world. The first Census in India was conducted in the year 1872. This was conducted at different points of time in different parts of the country. In 1881 a Census was taken for the entire country simultaneously. Since then, Census has been conducted every ten years, without break. Thus, the Census of India 2011 was the fifteenth in this unbroken series since 1872, the seventh after independence and the second census of the third millennium and twenty first century. The census has been uninterruptedly continued despite several adversities like wars, epidemics, natural calamities, political unrest, etc.

The Census of India is conducted under the provisions of the Census Act 1948 and the Census Rules, 1990. In Censuses until 1931, a synchronous de-facto method was adopted wherein the Census was conducted throughout the country on a single night. This being a very costly affair and involved the deployment of very large force at one point of time was given up in 1941. Since then the same methodology has been followed in all the Censuses. It is a gigantic operation and considered to be the single largest, complex, peace time administrative exercise in the world.

The Census Operation in India is carried out in two distinct but inter connected phases - the House listing and Housing Census followed by the Population Enumeration. During the first phase of Census 2011 i.e., House listing and Housing Census, the buildings, census houses and households were identified and systematically listed in the House Listing and Housing Census Schedule during the period April to September, 2010 in different States/Union Territories. Apart from listing of houses, some useful data on the amenities available to the households was also collected for assessing condition of human settlements, housing deficits etc.

Censuses prior to Census 2001 had the system of collecting the information through Individual Slip which was a key schedule for every individual. The information collected through slip was then compiled for a household. Some information was also collected in addition to this for the household. During 2001 Census a comprehensive Household Schedule was adopted replacing the individual slip concept. In 2011 Census also similar household schedule was used for canvassing. The scope of demographic, socio-economic parameters has been widened in every census.

2. Population Enumeration - Census 2011:

The field work of the second phase i.e. Population Enumeration was carried out during February-March, 2011. One of the essential features of

Population Enumeration in the second phase was that each person was enumerated and her/his individual particulars were collected at a well-defined point of time.

The Census moment and the reference date for the Census of India 2011 was 00:00 hours of 1st March, 2011. The enumeration was conducted from 9th February to 28th February, 2011 alongwith a revisional round from 1st March, 2011 to 5th March, 2011 synchronously all over the country except for few specific areas of the Jammu & Kashmir, Himachal Pradesh and Uttarakhand states that remain snowbound in February. In these locations the population enumeration was done from 11th September, 2010 to 30th September, 2010 along with a revisional round from 1st October, 2010 to 5th October, 2010. The reference date for the census in snow bound non-synchronous areas of these states was 00.00 hours of the first day of October, 2010. In addition to the coverage during Houselisting & Housing Census, the enumeration of the Houseless population was carried out on the night of 28th February, 2011, as has been the usual practice. For the purpose of Census, certain areas where the access of the civilian enumerators was not permissible due to security reasons termed as 'Special Charges' such as the Defence and strictly Military/Para-Military areas, including operational areas were also covered. Such areas were not covered during the House listing & Housing Census. In addition to the defence/para-military areas, Special Charges also included certain factory areas, certain colonies, sensitive areas, scientific establishments, etc. These also formed Special Charges as these were not accessible by the usual census enumerator.

3. Quality Assurance:

A Task Force for Quality Assurance (TFQA) functioned under the chairmanship of the RG & CCI. Experienced officers of the different divisions of the organization i.e. Heads and senior officers of the Census Division, Data Processing Division, Map Division, Demography Division and Social Studies Division comprised the TFQA. The Directors of Census Operations were co-opted as members whenever the TFQA discussed the data for their States/Union territories. The main objective of constituting the TFQA was to subject the data to stringent validation checks and ensure its quality before release as it was expedient to be satisfied itself about the quality of data before putting the same in public domain.

The Directors and their senior officers were involved at all levels with respect to the quality and the coverage of their States/UTs. The TFQA intensively scrutinized coverage and content parameters including edit and imputation logic. The most important aspect of the data quality was to ensure complete coverage of all geographical areas especially for the population enumeration phase where the data is disseminated right up to the village level in the rural areas and the ward level in the urban areas. Thus ensuring the complete coverage and correct geographical linkage of each enumeration block was one of the major planks of the quality control, especially for small area

population statistics. The content was scrutinized mainly through the process of internal consistency, comparison with similar data in the past and also through validation with likewise data if available, from external sources. Quite often the local knowledge and perception was looked at to understand both the existing and the new emerging trends of population distribution and characteristics. A very comprehensive check and edit mechanism was put in place to objectively examine the preliminary Census 2011 Population Enumeration results and finally clear them for use. The population data was cleared only after the full possible satisfaction of the TFOA.

The entire work relating to the data validation and scrutiny was completed by all the States/Union territories under the overall supervision and monitoring of the Census Division of the Office of the Registrar General, India with active cooperation and support of the Social Studies Division, Data Processing Division, Data Dissemination Division and Map Division.

4. Primary Census Abstract:

The Primary Census Abstract which is an important publication of 2011 Census gives basic information on Area, Total Number of Households, Total Population, Scheduled Castes, Scheduled Tribes Population, Population in the age group 0-6, Literates, Main Workers and Marginal Workers classified by the four broad industrial categories, namely, (i) Cultivators, (ii) Agricultural Labourers, (iii) Household Industry Workers, and (iv) Other Workers and also Non-Workers. The characteristics of the Total Population include Scheduled Castes, Scheduled Tribes, Institutional and Houseless Population and are presented by sex and rural-urban residence.

In 1981 census main workers were presented into four categories. As regards 1991 Census, the nine-fold industrial classification of main workers has been given in the Primary Census Abstract. One of the important features of the Primary Census Abstract of 1991 Census was the presentation of population of the age group 0-6 which is continued in 2001 and 2011 Census. All the children of age 6 years or less have been treated as illiterate even if the child is going to a school and may have picked up reading and writing. This will help the data users in better analysis and understanding of the literacy data as the literacy rate is calculated with 7 years and above population and it is referred as effective literacy rate. In 2001 and 2011 census four categories of main workers have been given in the Primary Census Abstract.

5. Level of Presentation of PCA data in District Census Handbooks:

The format of Primary Census Abstract (PCA) adopted in the DCHB of 2001 Census has been continued for 2011 Census as the data on four categories of works have been presented similar to 2001 census. The Primary Census Abstract data in different PCAs are presented at different levels. The level of presentation of Primary Census Abstracts in DCHB is as under:

1. District Primary Census Abstract -District/C.D. Block/Town.
2. Primary Census Abstract for Scheduled Castes- District/C.D. Block/Town.
3. Primary Census Abstract for Scheduled Tribes -District/C.D. Block/Town.
4. Village Primary Census Abstract -C.D. Block/Village wise.
5. Urban Primary Census Abstract- Town/Ward level.

The PCA Data for villages was presented C.D. Block wise for the first time in 1991 Census. This practice is continued in 2001 and 2011 Census. The term 'Total Population' includes the Scheduled Castes, the Scheduled Tribes, the Institutional and the Houseless populations. An appendix to District Primary Census Abstract has also been furnished showing urban enumeration block-wise particulars on Total Population, the Scheduled Castes Population and the Scheduled Tribes Population for each town.

6. Area Figures:

The area figures supplied by local revenue authorities of the district in respect of tahsils, Police Stations and by the local bodies in respect of towns are given in square kilometers. The area figures of the villages supplied by the Tahsildars in acres have been converted and shown in hectares. The area figures of the C.D. Block are the total of the village areas coming under each C.D. Block. The area figures for the district are the same as adopted by the Surveyor General of India to maintain uniformity at the national level.

District Primary Census Abstract
